

Name that Frog!

Frog Scramble Match up Activity

Instructions

The names of six frogs are jumbled up on page 2. Unscramble the letters to spell out the name of each frog.

Read the clues to the four frogs drawn on page 3. Write the name on the line beside the frog.

When you're done

Colour in each frog -- do you know what colour each one should be? (If you are not sure, type in "Help Scientists Collect Frog Data" on our search engine to bring you to the information you'll need.)

Visit the "Play & Learn" area of EcoKids Online (www.ecokids.ca) and use your eyes and ears to identify more Canadian frogs and other frogs from around the world.
